About Holiday Heroes

We are a *direct impact organization*. In **2017** we threw **50% more parties than 2016** while our hospital partnerships expanded by **50%**. This affects not only the critically ill children, but also their family members and caregivers who were given a much-needed break from thinking about medical treatments, medications and surgeries. The families find time to smile, laugh while making a craft, and sometimes enjoy a visit from a caped crusader. In **2018** we will be hosting parties quarterly at each of our hospital partners in hopes to serve **50% more patients**.

We are proud to bring parties to these hospitalized children in the Chicagoland area who are in intensive and long-term care. With your help we are able to bring joy and normalcy to even more hospitalized children.

Every dollar raised for Holiday Heroes converts into a child lighting up with a smile. We strive to give long-lasting joy and happy memories for these children to enrich their lives.

OUR PARTIES INCLUDE:

- Fun monthly themes
- Arts and crafts
- Catered meals
- Gifts or gift cards for each child
- The "Hero" Factor:*
- Games, performing artists, and celebrities
